

St Stephen and All Martyrs' Primary School

Year 5 Home Learning Grid

Term: Spring Term 2

Learn my weekly spellings in preparation for the test every Friday.	Learn all multiplication and division facts to 12 x 12. Use Times Tables Rockstars.	Read at least 5 x per week. This can include reading books of your choice.
Design and make a new invention. It could be a machine to help with a task to make it easier e.g. chores/homework. Name, draw and label your new invention.	Create an information text all about a famous inventor or lots of different inventors. You could make a powerpoint presentation, leaflet, report or poster. Tell us why they are famous and include what they invented. 	Complete some Science experiments at home. Teach your family all the scientific vocabulary we use at school. Take photos to bring/email in or write up your experiments to share with the class. Download a booklet full of ideas here - https://learning-resources.sciencemuseum.org.uk/resources/kitchen-science/
Create a poster explaining what forces are and why they are important. Use diagrams to explain how a force acts.	Create a game that could be used to teach colours, numbers, days of the week or basic greetings in French. It could be a card or board game. You could develop a warm up game to use in PE but using French. 	To support our learning on decimals, help at home by calculating the cost of your shopping. Create a shopping receipt for items your family has purchased. Find the total using written methods. How did you pay? Did you get any change?
